TITLES

A

- Absenteeism and Colds in Schools, The Effect of Indoor Relative Humidity on, G.H. GREEN II 131
- Aerosol Biohazard in Microbiological Laboratories and How It Is Affected by Air Conditioning Systems, W.E. BARKLEY, M.A. CHATIGNY, W.A. VOGL I 463
- Air Cleaner, An Experimental Grid-Type Residential Electrostatic, R.S. BEVANS, J.H. VINCENT II 203
- Air Conditioners, Plastics in Room, D.R. BERG II 421
- Air Conditioning Systems, Aerosol Biohazard in Microbiological Laboratories and How It Is Affected by, W.E. BARKLEY, M.A. CHATIGNY, W.A. VOGL I 463
- Air Distribution, VAV, T.L. DAY I 486
- Air Flow from Different Directions, The Effect on Man's Comfort of a Uniform, P.O. FANGER, T.L. MADSEN, S. OLESEN, J. OSTERGAARD II 142
- Air Movement and Temperature on the Thermal Sensations of Sedentary Man, The Effects of, R.G. NEVINS, F.H. ROHLES, Jr., J.E. WOODS I 101
- Air Temperature and Humidity Response to Cleaning Water Loads in Laboratory Animal Storage Facilities, E.L. BESCH, R.L. GORTON I 37
- Air Temperature Control System at Near Full and Part Heating Load, Dynamic Response Characteristics of a Discharge, D.C. HAMILTON, R.G. LEONARD, J.T. PEARSON I 180
- Air Washer Systems, The Application of Refrigeration to, B.C. WILSON I 216
- Ammonia/Neutral Gas Resorption, Conservation of Energy with, D.A. KOUREMENOS II 170
- Ammonia Evaporators, Heat Transfer and Pressure Drop in, M.M. SHAH II 238
- Animal Storage Facilities, Air Temperature and Humidity Response to Cleaning Water Loads in Laboratory, E.L. BESCH, R.L. GORTON I 37
- Apartment Buildings, Off Peak Domestic Hot Water Systems for Large, W. CHACKERIS, V.S. MANIAN I 147
- Appliance Energy Consumption, State-Federal Legislative Attempts to Manage, R.L. HOLDING I 276
- Appliances?, What's on the Horizon for Plastics in, T.R. VANACKER II 431
- Application Accepted—Materials OK, Polymeric, R.J. BOGUE II 426
- Application of a Plastic Food Liner to a Refrigerator Product, E.L. WEST, Jr. II 412
- Application of Refrigeration to Air Washer Systems, The, B.C. WILSON I 216
- Application of Rotating Vanes for Sound Power Measurements in Reverberation Chambers, J. TICHY II 28
- Applications of Computer-Controlled Systems, Practical, C.S. ALLIO I 407
- Approach to "Class 10" Clean Rooms for the Manufacture of Semiconductors, The, D.L. MERKEL I 457
- Automatic Sprinkler Protection Through Using the Domestic Water Supply, Limited, N.A. KOPLON I 252
- Automation, Energy Saving Applications for Computerized, H.V. SNIVELY I 411
- Automation Systems, Specification and Evaluation of Building, D.W. GALEHOUSE I 393
- Automotive Industry, Energy Considerations in Control of Oil Mist and Particulate in the, N.C. KACHMAN, G.R. PETERS I 453
- Availability for Buildings, Energy, E.R. QUEER I 309
- Availability of Plastics, Long Range, N.F. HUFF II 404

- Avocados, Maintenance of Market Quality in Florida, T.T. HATTON, Jr., D.H. SPALDING I 335

B

- Basics of Pump Testing, W.C. STETHEM II 440
- Biohazard in Microbiological Laboratories and How It Is Affected by Air Conditioning Systems, Aerosol, W.E. BARKLEY, M.A. CHATIGNY, W.A. VOGL I 463
- Boiling of Refrigerant-Oil Mixtures from Tubes, Nucleate Pool, R.L. DOUGHERTY, H.J. SAUER, Jr. II 175
- Building Automation Systems, Specification and Evaluation of, D.W. GALEHOUSE I 393
- Buildings, Energy Availability for, E.R. QUEER I 309
- Buildings with Solar Energy, The Heating and Cooling of, H. HOROWITZ II 392

C

- Carrots, Precooling, Storage and Postharvest Handling of, F.E. HENRY, R.H. SEGALL I 356
- Central Fan System Control for VAV Application, J. KETTLER, R.W. NOLL I 499
- Centrifugal Fans, Reducing Blade Passage Noise in, J.K. O'MALLEY, A.H. PHELPS, W.A. SMITH II 45
- Centrifugal Pumps, Field Testing of, D.L. PELLETT II 456
- Centrifugal and Vertical Turbine Pumps, Laboratory Testing of, D. HANSEN II 448
- Clothing, A Composite Ensemble Method for Estimating Thermal Insulating Values of, D.M. MUNSON, C.H. SPRAGUE I 120
- Colds in Schools, The Effect of Indoor Relative Humidity on Absenteeism and, G.H. GREEN II 131
- Comfort and Heat Tolerance, A Psychrometric Chart for Graphical Prediction of, A.P. GAGGE, Y. NISHI II 115
- Comfort of a Uniform Air Flow from Different Directions, The Effect on Man's, P.O. FANGER, T.L. MADSEN, S. OLESEN, J. OSTERGAARD II 142
- Commercial Environments, Evaporative Cooling in Humid, R.S. ASH I 223
- Commercial Office Buildings, Solar Energy Assisted Heat Pumps Systems for, S.F. GILMAN, D.H. STURZ II 374
- Commercial Office Buildings, VAV System Evaluation for, D.E. ROSS I 480
- Composite Ensemble Method for Estimating Thermal Insulating Values of Clothing, A, D.M. MUNSON, C.H. SPRAGUE I 120
- Compression Cooling System, Typical Performance Characteristics of the Basic Vapor, J.F. HAMILTON, J.T. PEARSON I 271
- Compressor Application and System Design for Reliability, M.A. RAMSEY I 283
- Compressor Life, How Proper Installation Procedure and After-Market Maintenance Extends, R.J. BOEHM I 301
- Compressor Performance as Affected by Suction Vapor Superheating, Refrigeration, W.D. COOPER I 195
- Compressor Reliability Applications, System Design for, M.W. GARLAND I 292
- Computer-Controlled Environment, Results of a, N.M. LOVE I 401
- Computer-Controlled Systems, Practical Applications of, C.S. ALLIO I 407
- Computerized Automation, Energy Saving Applications for, H.V. SNIVELY I 411
